

Okayo EZtour

The EZtour is a modern digital unit by Okayo. Its greatest advantage is almost automatic handling. Thanks to the extensive functionality of the transmitter, the guide will easily handle the entire group. The Okayo EZtour allows simultaneous conversation between up to three people in master, sub-master and receiver modes.

encrypted communication
 encrypted access to protect
 against unwanted users

range ca. 100 m
 in line of sight

clearly legible panel
 thanks to backlit
 indicators and diodes
